Executive Summary

Passionate web developer specializing in front-end technologies like HTML, CSS, JavaScript, and Python. Developed projects such as a responsive Facebook clone and an interactive multiplication game, reflecting a commitment to continuous learning and practical application. Eager to apply programming skills and creativity in a dynamic front-end development role.

Education

P.A. college of Engineering

Jun 2022– May 2025

Diploma in E&C Engineering

- **Coursework:** PCB designing, Programming Languages, E-Mobility and Sustainable Transportation

Skills

Languages: HTML, CSS, JavaScript, C, Python

Tools & Technologies: ReactJS, Bootstrap, Tailwind CSS, GitHub, AI Tools

Projects

Frontend Replica of Facebook

<https://thakki07.github.io/SocialBook/>

- Developed a frontend replica of Facebook, incorporating a feature that allows users to seamlessly switch between light and dark themes.
- Languages Used: HTML, CSS, Java Script

Multiplication Game

<https://thakki07.github.io/MultiplicationGame/>

- Developed a multiplication game that tracks and displays the player's score. The game also offers an intuitive interface with real-time feedback to enhance learning.
- Languages Used: HTML, CSS, Java Script

Digital Clock

<https://thakki07.github.io/DigitalClock/>

- I have developed a digital clock website that accurately displays the current time. The website is designed to provide real-time updates with precise time synchronization.
- Languages Used: HTML, CSS, Java Script

Internship Experience

Sales and Service Advisor Intern, Hero MotoCorp

Dec 2024 – Mar 2025

- Engaged with customers effectively to understand their needs and provided tailored solutions, contributing to a positive customer experience.
- Successfully promoted and sold the "Joyride" offer card, consistently exceeding sales targets and demonstrating strong persuasive communication skills.
- Built and maintained strong customer relationships, fostering trust and ensuring repeat business.
- Received recognition for outstanding sales performance, with management commending my ability to engage with customers and close sales.

Volunteer Experience

School Political Leader, Govt High School Manchi-Kukkaje

July 2019 – Mar 2020

- Represented the student body in discussions with school administration, advocating for student interests.
- Organized debates, awareness campaigns, and community service projects to enhance student engagement.
- Coordinated with faculty advisors and student council members to plan and execute school event.
